SUMMARY

Data Analyst with 2 years of experience in financial modeling and business intelligence. Skilled in developing insightful dashboards and optimizing data workflows using Power BI and Power Query. Seeking a tech position to apply my expertise in driving data-driven decision-making.

WORK EXPERIENCE

Walmart de México y Centroamérica

Mexico city

Transportation Finance Co-Manager

Jun 2023 - Present

- Developed and maintained Power BI dashboards that provided critical insights into logistics expenses.
- Implemented optimization processes using VBA and Power Query, reducing the time spent on accounting closures and transportation expense forecasting.
- Collaborated with cross-functional teams to ensure information visibility for management, helping align strategies for logistics efficiency.

Transportation Finance Lead

Nov 2022 - Jun 2023

- Conducted reconciliation processes on major deviations from the Business Plan, providing clear visibility into affected accounts and the understanding behind the variation.
- Performed monthly accounting closures for all logistics expenses by reconciling reports in SAP and various manual reports.
- Developed multiple reports that provided visibility into all transportation aspects, including trips, kilometers, KPIs, and the complete P&L with Actuals, Forecasts, and Business Plan expenses and revenues.

SD Servicios Contables

Colima, Mex

Accounting Assistant

Sep 2021 - Nov 2022

- Managed client payroll to ensure timely employee compensation, including deductions and benefits.
- Managing billing and collection processes for clients, ensuring timely receipt of payments.
- Proficiently used SUA, SIPARE, and IDSE systems for registering employee registration and terminations with IMSS.
